

## Social and Behavioural Research Unit

*Te Hunga Rangahau Ārai Mate Pukupuku*

### STRATEGY 2010-2015

*Our Vision:*

*A unit which provides high quality social and behavioural cancer research*

### Strategic Objectives to Meet Our Vision

1. High Productivity in quality research outputs that are useful to communities.
  - > To contribute to the development of a coherent body of public health research.
  - > Build research capacity in social and behaviour cancer research that is responsive to community needs.
2. Wide Dissemination of research findings.
3. Build and lead productive research collaborations within the University and with external organisations and communities.
4. Advancement of the goals of the University of Otago Māori Strategy framework.
5. Obtain broadly based funding support.
6. An organisational environment and infrastructure that successfully contributes to the achievement of the Unit Vision.
